Painting Taiwan with palette knife, he creates abundant layers of skin shades by thick coating, piling up colors, and scratching techniques. This presents high tension of the image, and develops a unique style.

He thus reveals Taiwan's special light and shadow, as well as its warmthness.

諸惡莫作 眾善奉行 自淨其意 是諸佛教・南無阿彌陀佛！ Namo Amitabha !
Abstain from unwholesome deeds, Perform wholesome ones, Purify your own mind, This is the teaching of the Buddhas.

憶佛念佛，是福德大河，等流不絕；是善根源泉，飲之不竭。

節能減塑少排碳，降低溫室效應，保護極地冰川，護育瀕絕物種。

The merit of being mindful of Namo Amitabha is equivalent to a grand river, flowing endlessly;
it is the source of wholesome roots and is inexhaustible to consume.

Saving energy, reducing plastics usage and carbon emissions to lower greenhouse effect,
protect glaciers and preserve endangered species.

命如川流，晝夜不息，當一心歸命西方淨土，如彼江河奔流大海。

彌陀本願力，遇無空過者，能令速滿足，功德大寶海。

Life is like a river flowing away day and night;

we should head for the Pure Land of Bliss, like the river rushing toward the sea.

Those encountering the power of Amitabha's Vows will never make vain efforts and
certainly can be quickly fulfilled with the Great Treasure Sea of Merits.
